Sections 12B, 22B

All lab sections meet in 101 Chemistry Annex. The IVLs must be completed in the Chemistry Learning Center (212 Chemistry Annex).

The following dates and times are the due dates for each assignment. Remember that the prelab must be completed in your lab notebook prior to beginning the experiment and will be checked at the beginning of each lab. Lab Previews will open one week before the due date, and the Post-lab quizzes will be available starting at 5:00 pm the day of your lab.
